

To be filled by the Head of School/Child Protection Officer

ACS Beirut has adopted a Child Protection Policy to guide our staff and families in matters related to the health, safety and care of children in attendance at our school. The ACS Child Protection Policy is based on international law, Lebanese law and on the United Nations Convention on the Rights of the Child of which Lebanon is a signatory.

We ask that the Head of School or the Child Protection officer complete this form regarding the Child Protection and Safeguarding. Our priority is to ensure that we provide the appropriate support for our students at the earliest opportunity.
